{ ERA }

INSPIRATION

ERA represents a timeline. The inspiration looks back to the 70's (and the spectacles of British icons like Michael Caine) and then is distorted, faceted and reassembled with a Ffin twist that translates to the future. The modern angular shape, with signature Ffin edges and asymmetrical laminated details on the front, corners and tips, gives this frame broad appeal and complements a range of different face shapes.

MATERIALS

Mazzucchelli M49 Bio-Acetate. Cellulose acetate and a plasticizer of vegetable origin.

LENSES

Dive! Green Line Sun Lens (50% recycled plastic, 40% organic material) with anti-reflective inner film. UV 400 protection Cat 3. Recyclable nylon optical blanks.

DETAILS

7-barrel hinge. Silver metal hardware. Cross laminated details.

MEASUREMENTS

Base 4 curve, frame width 145mm, frame height 48mm, temple 138mm, DBL 14, thickness 6mm

[CLEAR LENS] SKU: 1ERA-RED-OP-CL

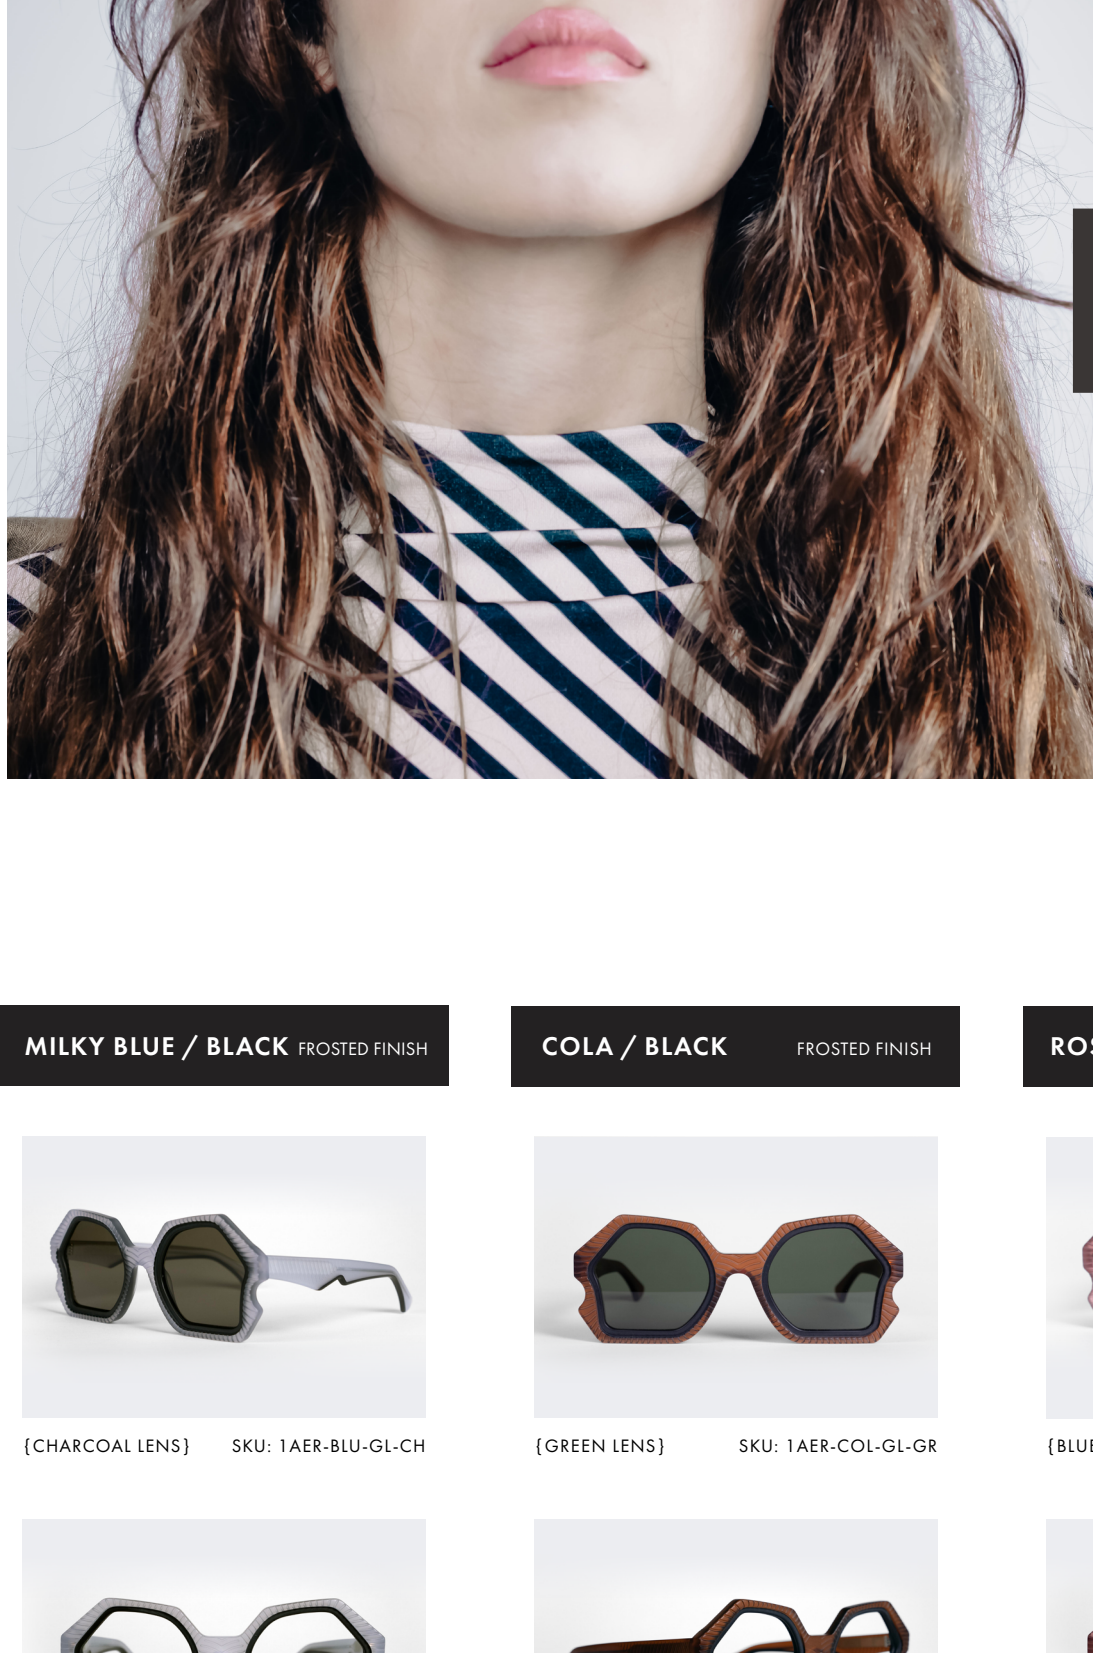

[CLEAR LENS] SKU: 1ERA-BLU-OP-CL

[CLEAR LENS] SKU: 1ERA-BLA-OP-CL

{ AER }

INSPIRATION

AER is the Welsh word for air. An invisible but powerful element all around us, the effects of which can only be seen when it interacts with things in our environment: the carved lines across the acetate reflect the windswept sand lines at the beach edge. This frame stands apart from the rest but is gently tethered to the Ffin family of designs with signature notes of line, with cross lamination around the lens and detailed along the temple.

MATERIALS

Mazzucchelli M49 Bio-Acetate. Cellulose acetate and a plasticizer of vegetable origin. All have a frosted sandblasted finish.

LENSES

Dive! Green Line Sun Lens (50% recycled plastic, 40% organic material) with anti-reflective inner film. UV 400 protection Cat 3. Recyclable nylon optical blanks.

DETAILS

7-barrel hinge. Silver metal hardware. Cross laminated details.

MEASUREMENTS

Base 4 curve, frame width 146mm, frame height 57mm, temple 138mm, DBL 24, thickness 6mm

[BLUE LENS] SKU: 1AER-PIN-GI-BI

[CLEAR LENS] SKU: 1AER-BLU-OP-CL

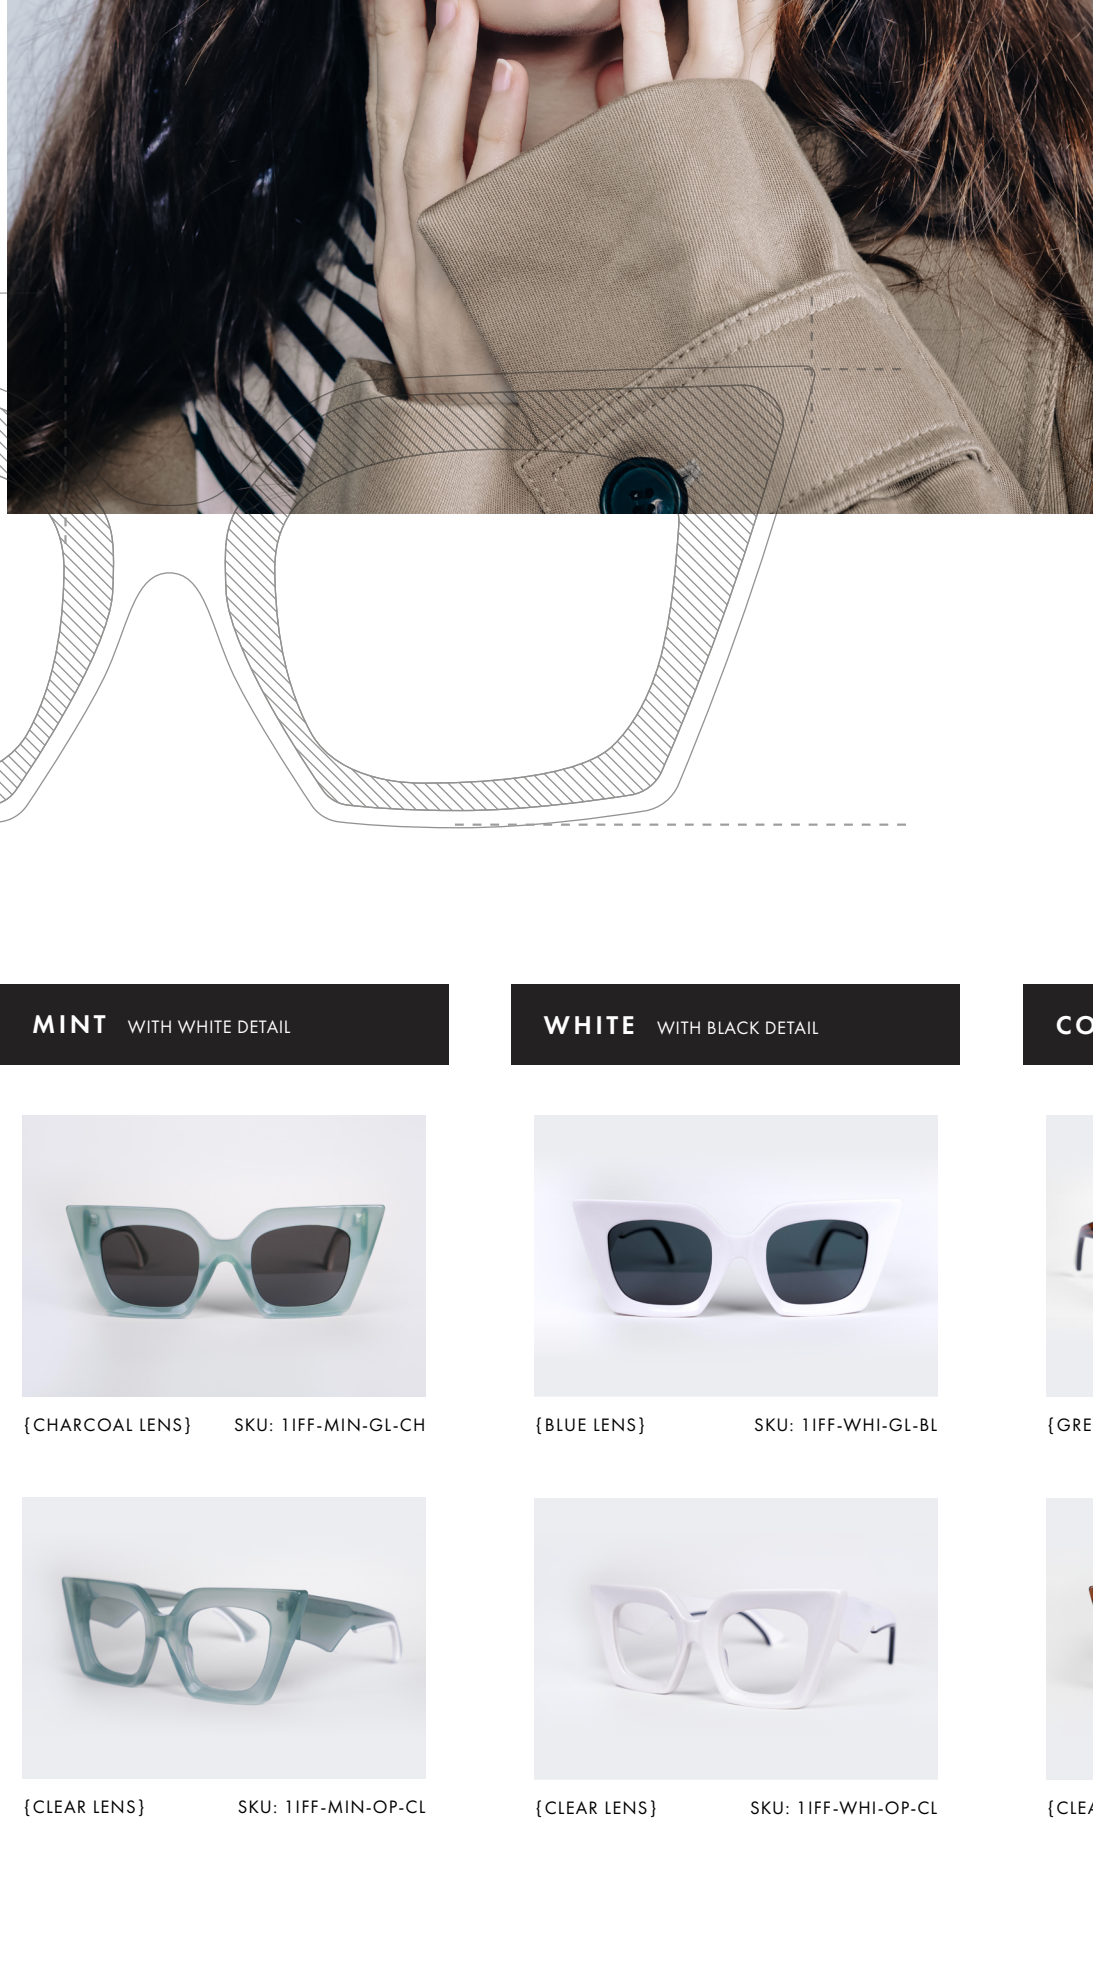

[CLEAR LENS] SKU: 1AER-COL-OP-CL

[CLEAR LENS] SKU: 1AER-PIN-OP-CL

{ IFF }

INSPIRATION

Strong features elevate the face with a bold impact. IFF is the Welsh word for 'if and only if', which in mathematics and philosophy is a biconditional logical connective between two statements, where both statements can be true or both can be false. Allowing the wearer to constantly challenge the reasoning of the world around them. Inspired by a vintage cat eye and deep framed 60's television sets, there is a chunky inverse curve to the cut out, giving a deep sculptured feel, off-set by subtle laminated line detail on the temples.

MATERIALS

Mazzucchelli M49 Bio-Acetate. Cellulose acetate and a plasticizer of vegetable origin.

LENSES

Dive! Green Line Sun Lens (50% recycled plastic, 40% organic material) with anti-reflective inner film. UV 400 protection Cat 3. Recyclable nylon optical blanks.

DETAILS

7-barrel hinge. Silver metal hardware. Cross laminated details.

MEASUREMENTS

Base 4 curve, frame width 146mm, frame height 52mm, temple 138mm, DBL 22, thickness 6mm

[CLEAR LENS] SKU: 1IFF-LEM-OP-CL

{ ANA }

INSPIRATION

ANA is our signature award winning frame. Inspired by a 40s vintage aviator reimagined with unique asymmetrical linear details and mismatched temples. Due to its popularity, both as sunglass and optical, we have introduced new colourways that each tell a story of their own. Although one of our more subtle designs, the frames attract comment wherever they are worn.

MATERIALS

Mazzucchelli M49 Bio-Acetate. Cellulose acetate and a plasticizer of vegetable origin.

LENSES

Dive! Green Line Sun Lens (50% recycled plastic, 40% organic material) with anti-reflective inner film. UV 400 protection Cat 3. Recyclable nylon optical blanks.

DETAILS

7-barrel hinge. Silver metal hardware. Cross laminated details.

MEASUREMENTS

Base 4 curve, frame width 147mm, frame height 44mm, temple 138mm, DBL 16.5, thickness 6mm

{ 1st EDITION }

MISMATCHED TEMPLE DETAILS

{ NOS }

INSPIRATION

NOS is the Welsh word for night. This dramatic vintage cat eye has faceted jewel like details and fades from darkness to light, with lightening edge detail. This bold oversized frame demands attention and we have had global demand for more of the same. Soon to be available in additional colourways.

MATERIALS

Mazzucchelli M49 Bio-Acetate. Cellulose acetate and a plasticizer of vegetable origin.

LENSES

Dive! Green Line Sun Lens (50% recycled plastic, 40% organic material) with anti-reflective inner film. UV 400 protection Cat 3. Recyclable nylon optical blanks.

DETAILS

5-barrel hinge. Silver metal hardware. Cross laminated details.

MEASUREMENTS

Base 0 curve, frame width 158mm, frame height 53mm, temple 140mm, DBL 18, thickness 6mm

{ 1st EDITION }

[GREEN LENS] SKU: 1NOS-BLA-GI-GR

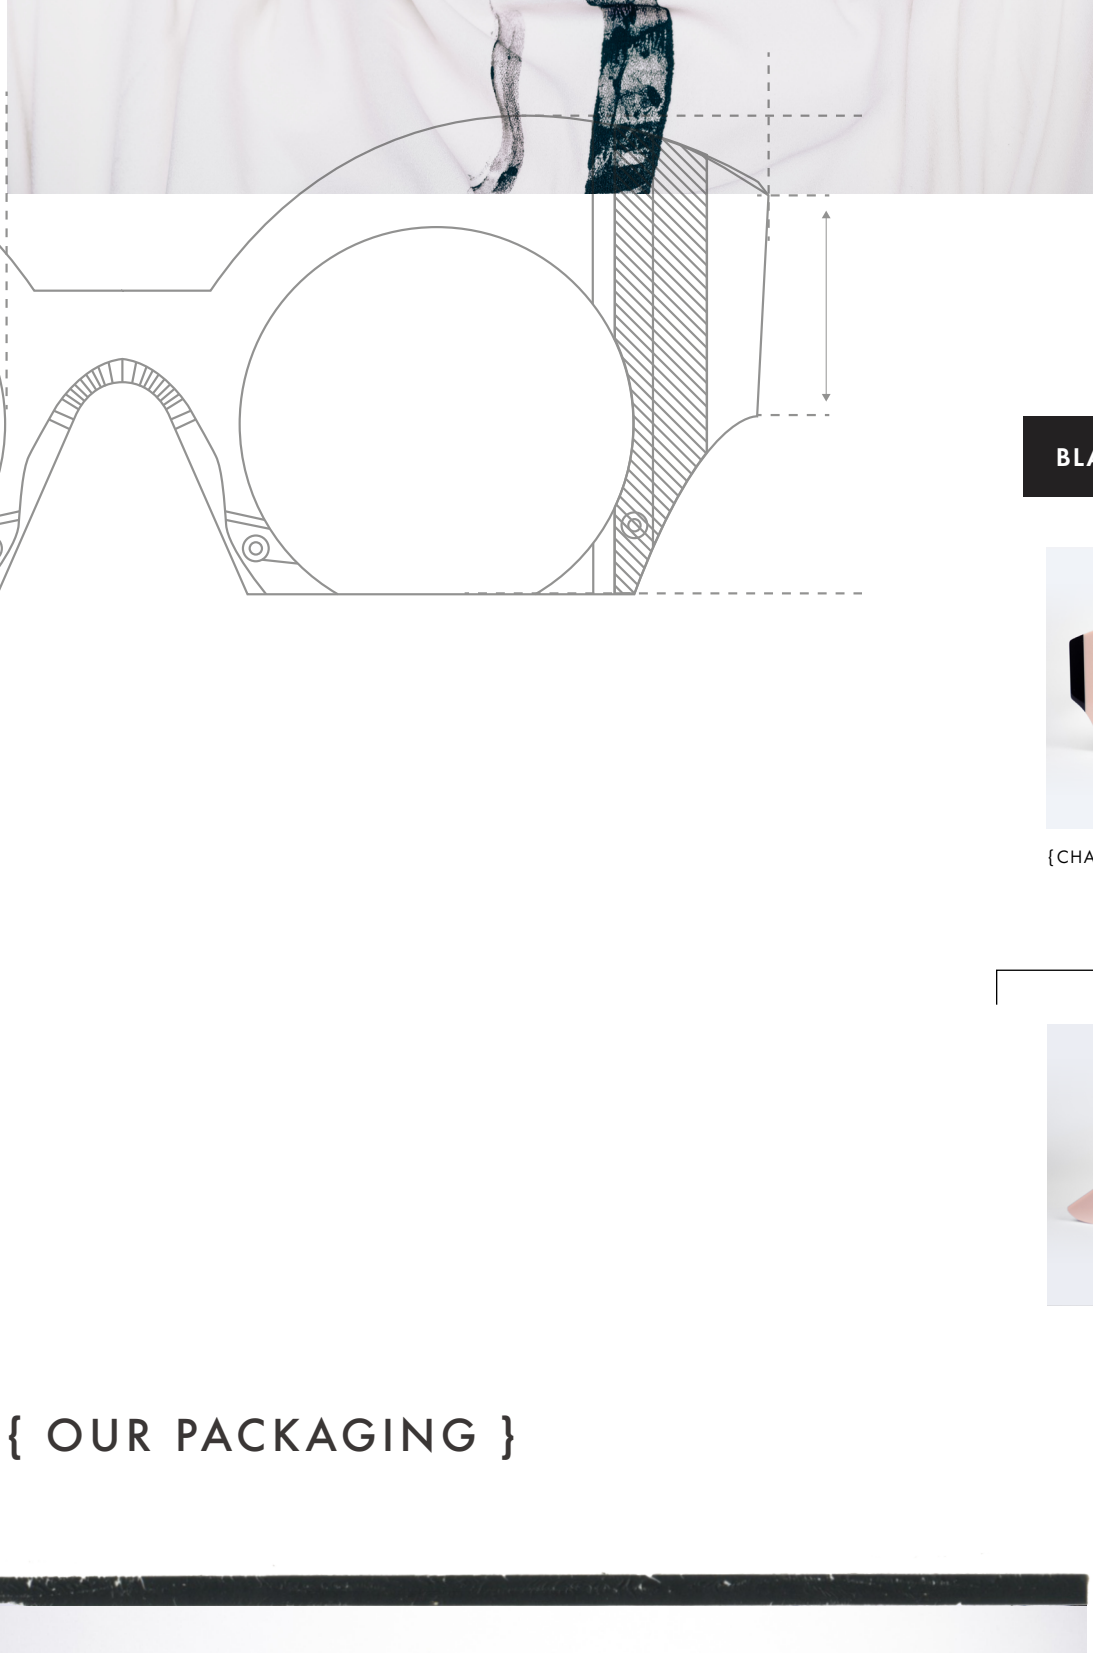

[CLEAR LENS] Not in stock - Sun only (can be switched to clear at optician)

MISMATCHED TEMPLE DETAILS

{ ORA }

INSPIRATION

ORA is Latin for Edge. The dramatic curved round frames with cross laminated lines, cut off base lenses and mismatched temples. This frame has more niche appeal but for some people when they see it the reaction is visceral: they must have it! We recommend this design in sunglass only.

MATERIALS

Mazzucchelli M49 Bio-Acetate. Cellulose acetate and a plasticizer of vegetable origin.

LENSES

Dive! Green Line Sun Lens (50% recycled plastic, 40% organic material) with anti-reflective inner film. UV 400 protection Cat 3. Recyclable nylon optical blanks.

DETAILS

5-barrel hinge. Silver metal hardware. Cross laminated details.

MEASUREMENTS

Base 0 curve, frame width 143mm, frame height 53mm, temple 140mm, DBL 25, thickness 6mm

{ 1st EDITION }

BLACK GREY HAVANA / FLESH PINK / BLACK

[CHARCOAL LENS] SKU: 1ORA-HAV-GI-CH

[CLEAR LENS] Not in stock
